Assistant Chief, Mediterranean Bureau 6 May 1948

Acting Chief, WSIS

1. Acknowledgment is made of your progress reports dated 14 April and 19 April, 1948. Progress in securing and surveying the site, in plans for construction and in investigation of staffing and housing are noted with approval.

2. With reference to memorandum dated 9 April 1948, subject: "Proposed Circuits and Equipment for WSIS Communications in Cyprus", recommended wire facilities are approved and 1600 feet of 7 pair underground telephone cable have been requisitioned from this office. With reference to terminal equipment, action has been suspended pending (a) reply to teletype message 271710 requesting clarification of Frampton's report; and (b) definite determination that converters are procurable.
